

# DuraTip®

NEW!

Ultrasonic Inserts by **parkell®**

## CONSIDER THE BAR RAISED

### It's No Longer Acceptable to Lose Efficiency. Demand More From Your Insert!

**NEW!** DuraTip® inserts deliver unprecedented *like new* performance for the *entire life* of the insert.

DuraTip inserts **redefine scaling** by providing *like new* performance (with no noticeable efficiency loss) for the entire life of the insert. In stark contrast to conventional inserts which lose 25% of their scaling efficiency after only 1mm of tip wear and an astounding 50% of their scaling efficiency after 2mm of tip wear.

Developed over thousands of hours by Parkell engineers in close collaboration with teams of hygienists, Parkell's patented DuraTip inserts achieve the previously unthinkable: continuous excellence (consistent peak performance) through an unprecedented 3mm of tip wear (as was **validated over a year of field testing**). In other words, DuraTip ultrasonic inserts are ideally suited for every stage of patient care, as their continuous *like new* scaling efficiency translates into **lesser pinch pressures, vastly superior performance over time**, and **lesser chair times** than is associated with partially worn *conventional* tips.

- ✓ **Patented Design and Structure:** Proprietary internal geometries work synergistically to create DuraTip's signature consistent performance and unprecedented peak scaling efficiency
- ✓ **Innovative W-stack:** Precision-cut nickel alloy stacks are pressed into a novel W-stack configuration, which results in substantially increased handling durability and optimized vibrational energy transfer across the entirety of the insert. This translates into previously unimaginable consistency of scaling power at the tip
- ✓ **Ergonomic, Anti-Slip Soft Grip with Optimized 12mm Outer Diameter Texturing:** for maximum ergonomic support and ease of handling
- ✓ **100% Quality Inspection:** Each and every DuraTip insert is subjected to Parkell's multi-point quality and performance inspections by Parkell's decades-trusted quality and engineering teams, to ensure that you will have the same incredible scaling experience every time you open a DuraTip box
- ✓ Available in 30K Universal Slim and 30K Perio Slim
- ✓ Designed and manufactured in the USA

### Scaling Efficiency after Wear (mm)\*

\* Standard deviation of  $\pm 10\%$ .

\*\* The insert "wear guides" for all competitor inserts instruct clinicians to discard inserts once the insert has 2mm of distal tip wear.

# DuraTip® NEW!

Ultrasonic Inserts by **parkell®**

## Patented Design and Structure

Proprietary internal geometries work synergistically to create DuraTip's signature consistent performance and unprecedented peak scaling efficiency.

## Ergonomic, Anti-Slip Soft Grip

Optimized 12mm Outer Diameter Texturing for maximum ergonomic support and ease of handling.

## Innovative W-stack

Precision-cut nickel alloy stacks are pressed into a novel W-stack configuration, which results in substantially increased handling durability and optimized vibrational energy transfer across the entirety of the insert. This translates into previously unimaginable consistency of scaling power at the tip.

## Performance Guides

DuraTip inserts are paired with their own color coordinated Performance Guide (included with every insert). While DuraTip inserts maintain consistent peak efficiency up to an unprecedented 3mm of wear, it is important to regularly check tip wear so that use beyond this point is minimized.

## What Clinicians Are Saying About DuraTip Inserts!

“ I've been a hygienist for almost 30 years, I have used multiple tips, I have seen a lot of things over the years, but nothing compares to the Parkell DuraTip® insert.

With 3mm of wear, you lose zero percent of the efficiency of the DuraTip®, because it is so efficient I do less hand scaling, so the appointment times are less and my productivity is more.

The Parkell DuraTip® inserts will enable our practice to save money over the long run because of the efficiency of that tip. Even with that 3mm of wear we are going to get 100% efficiency and that working end is going to last a lot longer than the competitors. ”

— Cathy Hendrickson, RDH

“ These brand-new (DuraTip®) inserts are the highlight of my workday. ”

— Sherry Morrissey, RDH

“ I have been a hygienist for over 15 years and I am now a true believer in your products. I hope I can help convince other hygienists to give them a try and they will become believers too! ”

— Kat Billings, RDH

SKU#	DESCRIPTION
● DURA30-PS	DuraTip® 30K Insert — Perio Slim
● DURA30-US	DuraTip® 30K Insert — Universal Slim
