PENTRON

# **SAFETY DATA SHEET**

Fusio<sup>™</sup> Liquid Dentin

| Section 1. Identification                                  |   |  |  |  |
|--|---|--|--|--|
| GHS product identifier                                     | : Fusio™ Liquid Dentin  |  |  |  |
| Other means of<br>identification                           | : Not available.  |  |  |  |
| Product type   | : Liquid.   |  |  |  |
| Relevant identified uses of t                              | the substance or mixture and uses advised against   |  |  |  |
| Product use  | : Dental product  |  |  |  |
| Area of application  | : Professional applications.  |  |  |  |
| Manufacturer   | : Pentron Clinical<br>1717 West Collins Avenue<br>Orange, CA 92867-5422<br>Telephone no.: 1-203-265-7397, Toll Free: 1-800-551-0283 |  |  |  |
| e-mail address of person responsible for this SDS          | : edwin.varela@kavokerrgroup.com  |  |  |  |
| Emergency telephone<br>number (with hours of<br>operation) | : CHEMTREC® (24 hours) U.S. : 1-800-424-9300 International: +1-703-527-3887   |  |  |  |

# Section 2. Hazards identification

| OSHA/HCS status                | : This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).  |  |  |  |
|--------------------------------|--|--|--|--|
| Classification of the          | : SKIN CORROSION/IRRITATION - Category 2   |  |  |  |
| substance or mixture           | SERIOUS EYE DAMAGE/ EYE IRRITATION - Category 2A<br>TOXIC TO REPRODUCTION (Fertility) - Category 2   |  |  |  |
|                                | Percentage of the mixture consisting of ingredient(s) of unknown toxicity: 88.5%   |  |  |  |
| GHS label elements             |  |  |  |  |
| Hazard pictograms              |  |  |  |  |
|                                |  |  |  |  |
| Signal word                    | : Warning  |  |  |  |
| Hazard statements              | : Causes serious eye irritation.<br>Causes skin irritation.<br>Suspected of damaging fertility.  |  |  |  |
| Precautionary statements       |  |  |  |  |
| Prevention                     | : Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Wear protective gloves. Wear eye or face protection. Wash hands thoroughly after handling.  |  |  |  |
| Response                       | : IF exposed or concerned: Get medical attention. IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing. Wash contaminated clothing before reuse. If skin irritation occurs: Get medical attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. |  |  |  |
| Date of issue/Date of revision | : 04/16/2014 Date of previous issue : No previous validation Version : 1 1/11  |  |  |  |

Powered by IHS

### Section 2. Hazards identification

| Storage               | : Store locked up.  |
|-----------------------|---|
| Disposal              | : Dispose of contents and container in accordance with all local, regional, national and international regulations. |
| Hazards not otherwise | : None known.   |

Hazards not otherwise classified

### Section 3. Composition/information on ingredients

| Substance/mixture | : Mixture        |
|-------------------|------------------|
| Other means of    | : Not available. |
| identification    |                  |

#### **CAS number/other identifiers**

|  | ot applicable.<br>ot available.               |                             |                                    |
|--|---|-----------------------------|------------------------------------|
| Ingredient name  | Other names                                   | %                           | CAS number                         |
| 2,2'-ethylenedioxydiethyl dimethacry<br>2-hydroxyethyl methacrylate<br>diphenyl(2,4,6-trimethylbenzoyl)phos<br>oxide | dimethacrylate<br>2-hydroxyethyl methacrylate | 5 - 10<br>5 - 10<br>0.1 - 1 | 109-16-0<br>868-77-9<br>75980-60-8 |

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health and hence require reporting in this section.

### Section 4. First aid measures

| Description of necessar   | y first aid measures   |  |  |  |  |
|---|--|--|--|--|--|
| Eye contact : No special measures are required. In case of contact with eyes, rinse immediately w plenty of water. Get medical attention if symptoms occur. |  |  |  |  |  |
| Inhalation : No special measures required. If inhaled, remove to fresh air. Get medical attention symptoms occur.   |  |  |  |  |  |
| Skin contact  | <ul> <li>No special measures required. In case of contact, immediately flush skin with plenty of<br/>water. Get medical attention if symptoms occur.</li> </ul>  |  |  |  |  |
| Ingestion   | : Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Get medical attention if adverse health effects persist or are severe. |  |  |  |  |
| Most important sympton  | ms/effects, acute and delayed  |  |  |  |  |
| Potential acute health  | <u>effects</u>   |  |  |  |  |
| Eye contact   | : Causes serious eye irritation.   |  |  |  |  |

| Date of issue/Date of revision | : 04/16/2014 Date of previous issue : No previous validation Version : 1 2/11                                      |
|--------------------------------|--|
| Eye contact                    | : Adverse symptoms may include the following:<br>pain or irritation<br>watering<br>redness                         |
| <u>Over-exposure signs/sy</u>  | <u>imptoms</u>   |
| Ingestion                      | : Irritating to mouth, throat and stomach.   |
| Skin contact                   | : Causes skin irritation.  |
| Inhalation                     | : Exposure to decomposition products may cause a health hazard. Serious effects may be delayed following exposure. |
| -                              |  |

| Date c | of issue/ | Date of | revision |  |
|--------|-----------|---------|----------|--|
|        |           |         |          |  |

### Section 4. First aid measures

| Inhalation              | : Adverse symptoms may include the following:<br>reduced fetal weight<br>increase in fetal deaths<br>skeletal malformations                          |
|-------------------------|--|
| Skin contact            | : Adverse symptoms may include the following:<br>irritation<br>redness<br>reduced fetal weight<br>increase in fetal deaths<br>skeletal malformations |
| Ingestion               | : Adverse symptoms may include the following:<br>reduced fetal weight<br>increase in fetal deaths<br>skeletal malformations                          |
| Indication of immediate | medical attention and special treatment needed, if necessary   |
| Notes to physician      | Treat symptomatically  |

| Notes to physician         | : Treat symptomatically.   |
|----------------------------|--|
| Specific treatments        | : No specific treatment.   |
| Protection of first-aiders | : No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. |

See toxicological information (Section 11)

### Section 5. Fire-fighting measures

| Extinguishing media                            |   |
|--|---|
| Suitable extinguishing media                   | : In case of fire, use water, dry chemical powder or carbon dioxide.  |
| Unsuitable extinguishing media                 | : Do not use water jet.   |
| Specific hazards arising from the chemical     | : In a fire or if heated, a pressure increase will occur and the container may burst.   |
| Hazardous thermal decomposition products       | : Decomposition products may include the following materials:<br>carbon dioxide<br>carbon monoxide<br>nitrogen oxides<br>metal oxide/oxides   |
| Special protective actions for fire-fighters   | In case of major fire and large quantities: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. |
| Special protective equipment for fire-fighters | : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.   |

### Section 6. Accidental release measures

| Personal precautions, protective equipment and emergency procedures |  |                   |                          |         |    |      |
|---|--|-------------------|--------------------------|---------|----|------|
| For non-emergency<br>personnel                                      | : Low release. For professional use only. Handling of product in very small amounts or in situations where release is highly unlikely.   |                   |                          |         |    |      |
| For emergency responders  | : Low release. See also the information in "For non-emergency personnel".  |                   |                          |         |    |      |
| Environmental precautions   | : Low release. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air). |                   |                          |         |    |      |
| Date of issue/Date of revision                                      | : 04/16/2014 Date  | of previous issue | : No previous validation | Version | :1 | 3/11 |

### Section 6. Accidental release measures

#### Methods and materials for containment and cleaning up

| Small spill |   | Small Quantity. For professional use only. Absorb with an inert material and place in an appropriate waste disposal container. |
|-------------|---|--|
| Large spill | : | Small Quantity. For professional use only. Absorb with an inert material and place in an appropriate waste disposal container. |

### Section 7. Handling and storage

| Precautions for safe handling                                      |   |   |
|--|---|---|
| Protective measures  | : No special measures are required for small quantities under normal and intended conditions of product use. For professional use only. Put on appropriate personal protective equipment (see Section 8). Handle with care and dispose in a safe manner.  |   |
| Advice on general occupational hygiene                             | : Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment befor entering eating areas. See also Section 8 for additional information on hygiene measures.                            | 9 |
| Conditions for safe storage,<br>including any<br>incompatibilities | : Store between the following temperatures: 2 to 8°C (35.6 to 46.4°F). Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Store locked up. Keep container tightly closed and sealed until ready for use. |   |

### Section 8. Exposure controls/personal protection

#### **Control parameters**

| Occupational exposure limits |  |
|------------------------------|--|
| None.                        |  |

| Appropriate engineering controls | : No special measures are required for small quantities under normal and intended conditions of product use.   |
|----------------------------------|--|
| Environmental exposure controls  | <ul> <li>No special measures are required for small quantities under normal and intended<br/>conditions of product use.</li> </ul>   |
| Individual protection measur     | res  |
| Hygiene measures                 | <ul> <li>No special measures are required for small quantities under normal and intended<br/>conditions of product use.</li> </ul>   |
| Eye/face protection              | : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: chemical splash goggles.   |
| Skin protection                  |  |
| Hand protection                  | : Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary. Considering the parameters specified by the glove manufacturer, check during use that the gloves are still retaining their protective properties. It should be noted that the time to breakthrough for any glove material may be different for different glove manufacturers. In the case of mixtures, consisting of several substances, the protection time of the gloves cannot be accurately estimated. |
| Body protection                  | Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.  |
| Date of issue/Date of revision   | : 04/16/2014 Date of previous issue : No previous validation Version : 1 4/11  |

### Section 8. Exposure controls/personal protection

| Other skin protection  | <ul> <li>Appropriate footwear and any additional skin protection measures should be selected<br/>based on the task being performed and the risks involved and should be approved by a<br/>specialist before handling this product.</li> </ul> |
|------------------------|---|
| Respiratory protection | : No special measures are required for small quantities under normal and intended conditions of product use.  |

## Section 9. Physical and chemical properties

| Appearance                                   |   |  |
|--|---|--|
| Physical state                               | Liquid. [Paste.]  |  |
| Color  | Various   |  |
| Odor   | Fruity./Ester.  |  |
| Odor threshold                               | Not available.  |  |
| рН   | 3 to 4  |  |
| Melting point                                | Not available.  |  |
| Boiling point                                | Not available.  |  |
| Flash point                                  | Not available.  |  |
| Evaporation rate                             | Not available.  |  |
| Flammability (solid, gas)                    | Not applicable.   |  |
| Lower and upper explosive (flammable) limits | Not available.  |  |
| Vapor pressure                               | Not available.  |  |
| Vapor density                                | Not available.  |  |
| Relative density                             | ~1.8  |  |
| Solubility                                   | Very slightly soluble in the following materials: cold water and hot water. |  |
| Solubility in water                          | Not available.  |  |
| Partition coefficient: n-<br>octanol/water   | Not available.  |  |
| Auto-ignition temperature                    | Not available.  |  |
| Decomposition temperature                    | Not available.  |  |
| SADT   | Not available.  |  |
| Viscosity                                    | Not available.  |  |
| Physical/chemical<br>properties comments     | Content (%) (solids): >=65  |  |

## Section 10. Stability and reactivity

| Reactivity                         | : No specific test data related to reactivity available for this product or its ingredients.  |
|------------------------------------|---|
| Chemical stability                 | : The product is stable.  |
| Possibility of hazardous reactions | <ul> <li>Under normal conditions of storage and use, hazardous reactions will not occur.</li> <li>Under normal conditions of storage and use, hazardous polymerization will not occur.</li> <li>Long term: Polymerization.</li> </ul> |
| Conditions to avoid                | : Protect from sunlight. Initiators. Avoid excessive heat.  |
| Incompatible materials             | <ul> <li>Reactive or incompatible with the following materials: oxidizing materials and reducing<br/>materials.</li> <li>Peroxide.</li> </ul>   |
| Date of issue/Date of revision     | : 04/16/2014 Date of previous issue : No previous validation Version : 1 5/11   |

### Section 10. Stability and reactivity

# Hazardous decomposition : Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### Section 11. Toxicological information

#### Information on toxicological effects

#### Acute toxicity

| Product/ingredient name                  | Result    | Species | Dose        | Exposure |
|--|-----------|---------|-------------|----------|
| 2,2'-ethylenedioxydiethyl dimethacrylate | LD50 Oral | Rat     | 10837 mg/kg | -        |
| 3  | LD50 Oral | Rat     | 4230 mg/kg  | -        |

#### Irritation/Corrosion

| Product/ingredient name                  | Result                   | Species | Score | Exposure                                | Observation |
|--|--------------------------|---------|-------|---|-------------|
| 2,2'-ethylenedioxydiethyl dimethacrylate | Skin - Moderate irritant | Mouse   | -     | 336 hours 25<br>Percent<br>Intermittent | -           |

#### **Sensitization**

Not available.

#### **Conclusion/Summary**

Skin

: Kligman score: Grade I (weak sensitizer)

#### **Mutagenicity**

| Product/ingredient name | Test                                   | Experiment        | Result   |
|-------------------------|--|-------------------|----------|
|                         | 471 Bacterial Reverse<br>Mutation Test | Subject: Bacteria | Negative |

#### **Carcinogenicity**

Not available.

#### **Reproductive toxicity**

Not available.

#### **Teratogenicity**

Not available.

#### Specific target organ toxicity (single exposure)

| Name                                     | Category   | Route of exposure | Target organs                   |
|--|------------|-------------------|---------------------------------|
| 2,2'-ethylenedioxydiethyl dimethacrylate | Category 3 |                   | Respiratory tract irritation    |
| 2-hydroxyethyl methacrylate              | Category 3 | Not applicable.   | Respiratory tract<br>irritation |

#### Specific target organ toxicity (repeated exposure)

Not available.

#### Aspiration hazard

Not available.

# Information on the likely routes of exposure

: Routes of entry anticipated: Dermal, Inhalation.

Date of issue/Date of revision

:04/16/2014 Date of previous issue

: No previous validation

# Section 11. Toxicological information

|                                | 0  |
|--------------------------------|--|
| Potential acute health effects |  |
| Eye contact                    | Causes serious eye irritation.   |
| Inhalation                     | Exposure to decomposition products may cause a health hazard. Serious effects may be delayed following exposure.                                   |
| Skin contact                   | Causes skin irritation.  |
| Ingestion                      | Irritating to mouth, throat and stomach.   |
| Symptoms related to the phys   | cal, chemical and toxicological characteristics  |
| Eye contact                    | Adverse symptoms may include the following:<br>pain or irritation<br>watering<br>redness   |
| Inhalation                     | Adverse symptoms may include the following:<br>reduced fetal weight<br>increase in fetal deaths<br>skeletal malformations                          |
| Skin contact                   | Adverse symptoms may include the following:<br>irritation<br>redness<br>reduced fetal weight<br>increase in fetal deaths<br>skeletal malformations |
| Ingestion                      | Adverse symptoms may include the following:<br>reduced fetal weight<br>increase in fetal deaths<br>skeletal malformations                          |

| Delayed and immediate effects and also chronic effects from short and long term exposure |     |   |  |  |  |

| 2-hydroxyethyl methacrylate |        |         | 96 hours |

#### Persistence and degradability

| Product/ingredient name     | Test  | Result      |             | Dose |         | Inoculum   |
|-----------------------------|---|-------------|-------------|------|---------|------------|
| 2-hydroxyethyl methacrylate | 301C Ready<br>Biodegradability -<br>Modified MITI<br>Test (I) | 92 to 100 % | 5 - 14 days | -    |         | -          |
| Product/ingredient name     | Aquatic half-life   |             | Photolysis  |      | Biodeg  | radability |
| 2-hydroxyethyl methacrylate | -   |             | -           |      | Readily |            |

#### **Bioaccumulative potential**

| Product/ingredient name   | LogPow | BCF           | Potential  |
|---|--------|---------------|------------|
| 2,2'-ethylenedioxydiethyl<br>dimethacrylate   | 1.88   | -             | low        |
| 2-hydroxyethyl methacrylate<br>diphenyl(2,4,<br>6-trimethylbenzoyl)phosphine<br>oxide | 0.42   | -<br>53 to 72 | low<br>low |

#### Mobility in soil

Soil/water partition : Not available. coefficient (Koc)

**Other adverse effects** : No known significant effects or critical hazards.

### Section 13. Disposal considerations

Disposal methods

: This material and its container must be disposed of in a safe way.

### Section 14. Transport information

### Section 15. Regulatory information

#### State regulations

| Massachusetts              | : The following components are listed: MINE |
|----------------------------|---|
| New York                   | : None of the components are listed.        |
| New Jersey                 | : None of the components are listed.        |
| Pennsylvania               | : None of the components are listed.        |
| <u>California Prop. 65</u> |   |
| None of the components     | a aro listod                                |

None of the components are listed.

### Section 16. Other information

Hazardous Material Information System (U.S.A.)

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks Although HMIS® ratings are not required on SDSs under 29 CFR 1910. 1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered mark of the National Paint & Coatings Association (NPCA). HMIS® materials may be purchased exclusively from J. J. Keller (800) 327-6868.
